REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In the prior action, examiner rejected claims 1 – 4 under 35 U.S.C. 102(e) as being anticipated by Furuhashi et al. In response, applicant argued that the memory access reconciling signal 123 does detect the picture display position. Moreover, the memory accessing signal, although it may be synchronous with the display time signal, is not the same as the display timing signal. Examiner, after reviewing Furuhashi, agrees. In a further search, examiner found no prior art that anticipates or renders obvious the invention described in claims 1 – 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leland R. Jorgensen whose telephone number is 703-305-2650 (or 571-272-7768 after 2 March 2005). The examiner can normally be reached on Monday through Friday, 10:00 am through 6:00 pm..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sumati Lefkowitz can be reached on 703-306-0403. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
